ABOUT US

Located in the Axarquía region, the epicentre of avocado cultivation in the Iberian Peninsula. We are part of the TROPS Grouwwp, the largest avocado producer in Europe.

As a company specialising in avocado processing and transformation, we combine agricultural expertise, technological innovation and industrial vision to deliver highly specialised products.

EXCELLENCE IN PROCESSING

Our processing lines incorporate advanced technologies such as high-efficiency ultra-freezing tunnels, automated packaging systems and High Pressure Processing (HPP). These solutions help preserve the product's qualities while ensuring consistent standards of quality and food safety.

We continuously improve our processes to make them increasingly sustainable and environmentally responsible.

We are committed to responsible agriculture and to the valorisation of skins and seeds generated during production, moving towards a more efficient and circular model.

OUR AMBITION

We want to bring our essence and premium-quality products to international markets, consolidating ourselves as a benchmark in innovative solutions based on avocado.

Our goal is to generate sustainable growth through operational excellence, continuous innovation, and constant adaptation to market dynamics.

We will continue to invest in innovation and development to maximise the nutritional and functional properties of avocado and mango, driving solutions that create added value and clear differentiation for our clients worldwide

GUACAMOLE

CHILLED SELECTION

Crafted with TROPS avocados, carefully selected at their perfect stage of ripeness.

GUACAMOLE 95%

Made with 95% avocado, this guacamole stands out for its smooth and creamy texture.
The mix of onion, garlic, coriander, and jalapeño provides a well-balanced and enjoyable flavor.

The product is processed using High Pressure Processing (HPP) to ensure food safety while maintaining its natural taste.
